

## DISCOVER THE HIDDEN TREASURES OF RED CANYON LODGE.

Tucked away in the heart of Flaming Gorge National Recreation Area is an undiscovered gem. With abundant wildlife, fine dining, private cabins and a variety of activities to suit all tastes - Red Canyon Lodge is truly the civilized way to enjoy the great outdoors.

## WHERE CHILDREN RULE.

Every kid should have a favorite fishing hole, and it might just be the one right in front of our restaurant. Finish your dinner in peace on the deck, and watch the kids haul in the "big one" just steps away. With the horses, the fishing, the boating and the meals made just for kids - you may have to tether the kids to your wrist just to keep from losing them.

## CORPORATE TYPES NEED FUN TOO.

Red Canyon Lodge is also fun for those who don't get to play that often. We offer amenities for small companies looking for a social getaway or a business retreat. We have meeting space in our banquet room with a private deck for those all-important business functions. Relaxing with coworkers in the scenic mountains, watching elk and big horn sheep and participating in all of the outdoor activities at Red Canyon Lodge may build teamwork and camaraderie - or it may suddenly make people hard to find.

## FISHING THE GREEN

The Green River emerges from Flaming Gorge Dam as one of the finest tail water fisheries in the world. There are up to 20,000 trout per mile in the upper section, with rainbows, browns and cutthroat averaging 15-inches and better. This legendary fishery is a destination for anglers worldwide and Red Canyon Lodge makes the perfect base camp for your trip.

## WINTER AT RED CANYON LODGE.

Experience a different wilderness during the winter. The snow absorbs every sound and highlights the wildlife in stark relief. Just you and a warm fire and the cold starry skies. Cabins are available year-round. The restaurant is open every weekend during the winter season. If you want the Green River all to yourself, well, then this is your time.

## HIKING, BIKING, FISHING, HORSES...

Once-upon-a-time we started a list of things to do at Red Canyon Lodge, but we quickly ran out of paper. Our private lakes harbor truly spectacular rainbow and brook trout. The wildlife viewing is superb, and if you can't quite catch a glimpse of the animals, you can spend hours following their tracks. All sorts of gear is available to rent at Red Canyon Lodge, from paddle boats to mountain bikes. We're also known for our great horseback trail rides. Book one or two hour rides, half day rides or just some stable riding for the little ones. And don't forget that the vast recreation possibilities of the entire Flaming Gorge area, including the mighty Green River is at your disposal.

Red Canyon Lodge is just a few hours away from the Salt Lake area and a short day's drive from Denver and Grand Junction and just around the corner from southern Wyoming.
